**SUPPLEMENTAL DECLARATION OF BRUCE E. GERSTEIN IN SUPPORT OF
CLASS COUNSEL'S MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF
EXPENSES AND INCENTIVE AWARDS FOR THE NAMED PLAINTIFFS**

1. I am the same Bruce E. Gerstein who previously submitted a declaration in support of Class counsel's motion seeking approval of:

- (1) an award of attorneys' fees from the Settlement;
- (2) reimbursement of expenses incurred in the prosecution of Plaintiffs' claims against Forest; and
- (3) incentive awards to the named Class representatives, J M Smith Corporation d/b/a Smith Drug Company ("Smith") and Rochester Drug Co-Operative, Inc. ("RDC").

ECF No. 927 (the "First Gerstein Decl.").

2. Between the March 13, 2020 filing of the First Gerstein Decl. and today, the firms comprising Class counsel have addressed clerical errors in their time records and brought their time current (through April 15, 2020). We have not billed for any time relating to our fee request or any objection thereto.

3. As a result of the changes described above, Class counsel hereby amend the table included in paragraph 70 of the First Gerstein Declaration as follows:

Ex.	Firm Name	Hours	Lodestar (At 2019 Rates)	Expenses (Litigation Fund Contributions and Otherwise)
A	Berger Montague PC	12,491.00	\$ 7,398,856.10	\$ 1,091,301.87

4. Supplemental firm declarations are appended hereto as Exhibits A-F.

5. As a result of these changes, Class counsel's overall hours billed have decreased by 50.45 hours and the total lodestar has decreased by \$30,294.25. Based on a fee request of

21% of the gross settlement fund (in place of the original request of 27.5%), the requested lodestar multiplier has decreased from 5.9 to 4.53.

Dear Judge McMahon:

I am writing in my capacity as President of Capital Wholesale Drug Company (“Capital Wholesale”), a pharmaceutical wholesale business based in Columbus, Ohio, in support of the pending motions seeking final approval of the proposed settlement and an attorneys’ fee award for Class Counsel in the above-captioned litigation.

Capital Wholesale is a class member in the above-described case, and I understand that it will have a claim to recovery out of the Settlement Fund. Class Counsel has fully informed Capital Wholesale of the facts and circumstances of the case including the legal hurdles and other risks involved. I understand that the \$750 million settlement for the direct purchaser class represents the largest ever settlement of a drug antitrust case against a single defendant under Section 4 of the Clayton Act. Capital Wholesale is satisfied that the proposed \$750 million settlement is fair and adequate and that the proposed attorneys’ fee award of 27.5% of the settlement amount is appropriate in this case. In addition to the value of the \$750 million settlement achieved on behalf of the class, Capital Wholesale believes that this award is justified by the time and expense that class counsel put into prosecuting and favorably resolving this complex litigation.

For these reasons, Capital Wholesale asks the Court to approve the settlement and supports Class Counsel’s application for attorneys’ fees and reimbursement of costs.

Sincerely,

George K. Richards

Re: *In Re Namenda Direct Purchaser Litigation, No. 1:15-cv-07488-CM-RWL*

Dear Judge McMahon:

I am writing in my capacity as Executive Vice-President and General Manager of Drogueria Betances, Inc., a pharmaceutical wholesale business based in Caguas, Puerto Rico, in support of the pending motions seeking final approval of the proposed settlement and an attorneys' fee award for Class Counsel in the above-captioned litigation.

Drogueria Betances is a class member in the above-described case, and I understand that it will have a claim to recovery out of the Settlement Fund. Class Counsel has fully informed Drogueria Betances of the facts and circumstances of the case including the legal hurdles and other risks involved. I understand that the \$750 million settlement for the direct purchaser class represents the largest ever settlement of a drug antitrust case against a single defendant under Section 4 of the Clayton Act. Drogueria Betances is satisfied that the proposed \$750 million settlement is fair and adequate and that the proposed attorneys' fee award of 27.5% of the settlement amount is appropriate in this case. In addition to the value of the \$750 million settlement achieved on behalf of the class, Drogueria Betances believes that this award is justified by the time and expense that class counsel put into prosecuting and favorably resolving this complex litigation.

For these reasons, Drogueria Betances asks the Court to approve the settlement and supports Class Counsel's application for attorneys' fees and reimbursement of costs.

Very truly yours,

Juan Carlos Hernandez

Re: *In Re Namenda Direct Purchaser Litigation, No. 1:15-cv-07488-CM-RWL*

Dear Judge McMahon:

I am writing in my capacity as General Counsel for J M Smith Corporation (d/b/a Smith Drug Co.) (“Smith Drug”), a pharmaceutical wholesale business headquartered in Spartanburg, South Carolina, in support of the pending motions seeking final approval of the proposed settlement and an attorneys’ fee award for class counsel in the above-captioned litigation.

Smith Drug is a named plaintiff and certified representative of the direct purchaser class in this litigation. Smith Drug has actively participated in the case from its inception. One of Smith Drug’s executives left a family wedding to travel to New York to fully prepare to testify on the first day of trial testimony. Smith Drug has been consulted and kept informed about the progress of the case, including the settlement negotiations that eventually resulted in a \$750 million cash settlement for the direct purchaser class reached on the eve of trial. Smith Drug has at all times been aware of the complexity of the case, its risks, and the commitment of time and resources that was required of Smith Drug and class counsel in order to achieve a successful result. I understand that the settlement reached on the eve of trial last year represents the largest ever settlement of a drug antitrust case against a single defendant under Section 4 of the Clayton Act. Smith Drug was a class representative in the case that resulted in the largest ever settlement prior to this case, *In re Modafinil Antitrust Litig.*, No. 07-1979 (E.D. Pa. Oct. 16, 2015), and supported Class Counsel’s proposed attorney’s fee award in that case.

Smith Drug is satisfied that the proposed \$750 million settlement is fair and adequate and that the proposed attorneys’ fee award is appropriate in this case. In addition to the value of the \$750 million settlement achieved on behalf of the class, Smith Drug believes that this award is justified by the time and expense that class counsel put into prosecuting and favorably resolving this complex litigation.

For these reasons, Smith Drug asks the Court to approve the settlement and supports class counsel’s application for attorneys’ fees and reimbursement of costs.
